Office of Legislative Counsel

Monday - 3 March 1958

STAT [] called Mr. Severy, Bureau of the Budget, and advised him that in general we regarded H. R. 3527 which is the proposed bill on Overseas Employees' Fringe Benefits to be a good bill and we would accept it as it stood with the addition of the State Department's proposed section on a definition of household goods and personal effects. Mr. Severy was also asked to provide us with whatever information he could concerning the forwarding of H. R. 6141 to the House Committee on Post Office and Civil Service. Mr. Severy said he would check the file on this bill and give us a call.

STAT []

The meeting will take place in my office. I was informed that the DCI had approved the discussions with Westphal and, if necessary, with Senator Bridges.
